** Flammable Storage Cabinets **

Flammable Safety Storage Cabinets provide a safe, close-by, secure and time-saving method for storing all types of dangerous materials and help you to maintain good housekeeping practices.

All Justrite cabinets are **fire tested to comply** with the **FM** rating, something no other cabinet sold in Australia can claim, they also not only comply, but exceed Australian Standard AS 1940.

They help companies by providing product near to the workplace thus avoiding the time consuming and often risky practice of collecting from an outside storage facility.

Model Number	Description	Approval	Weight Kg

Patented concealed self-close mechanism provides obstruction free access to top shelf space.
Self-indexing doors guarantee they will close in sequence and assure a tight closure from top to bottom (on self-close models).

Rounded safety corners on doors reduce accidental nicks or cuts and potential hand injury.

Haz-Alert™ Reflective labeling provides high visibility in the dark under fire conditions or power outage when illuminated by a flashlight beam. Patent Pending.

Fusible links hold doors wide open and melts at 74°C for automatic closure (on self-close models).

Minimal air-gaps provide better protection.

Double wall thermal barrier. 1.2mm sheet steel thickness with 40mm wall spacing.

Easy close, selflatching doors.

Fully-welded (not riveted) construction holds squareness for longer life, offering greater protection in a fire since air gaps are reduced.

Continuous piano hinge provides smooth closure.

Built-in grounding connector (on outside side panel) for easy grounding.

Dual vents with builtin flame arresters strategically placed at bottom and opposite top are welded, not screwed in place.
Durable and chemical resistant, hybrid leadfree powder coat paint finish, inside-and-out, retains high gloss look and minimizes the effects of corrosion and humidity.

Stainless steel, three-point bullet self-latching system provides easy, fail-safe, positive door closure with increased heat resistance.

Exclusive U•Loc™ Padlockable Handle. Optional padlock allows for extra security and keycoding multiples for convenient access. Flush paddle handle with slip resistant grip offers easy fingertip operation and reduces dangerous "catches" from passing traffic.
Double key set included for keyed lock. Patent Pending

Adjustable leveling feet for stability on uneven surfaces.

Welded shelf hangers interlock with shelf to offer maximum "no slip" stability… and no flimsy brackets to lose.

FM APPROVED

Exclusive SpillSlope™ safety shelves directs spills to back and bottom of leak proof sump. Heavy-gauge galvanized steel shelves are bi-directional and easily adjust on 76mm centers for versatile storage. Each cabinet is provide standard with 150 mm deep sump to contain spills or leaks within the cabinet.

Backed by our 10 Year Limited Warranty
